

AMERICAN FISHING COMPANY (AFC)

CATALOGUE 2026 ©

American Fishing Company (AFC) is dedicated to designing and delivering premium fishing accessories trusted by anglers around the world. From freshwater lakes and rivers to demanding saltwater environments, AFC products are built to perform in every condition.

Driven by innovation and precision engineering, AFC focuses on creating high-performance tackle components that enhance strength, durability, and reliability on the water. Every product is developed with careful attention to quality materials, advanced manufacturing standards, and real-world fishing demands.

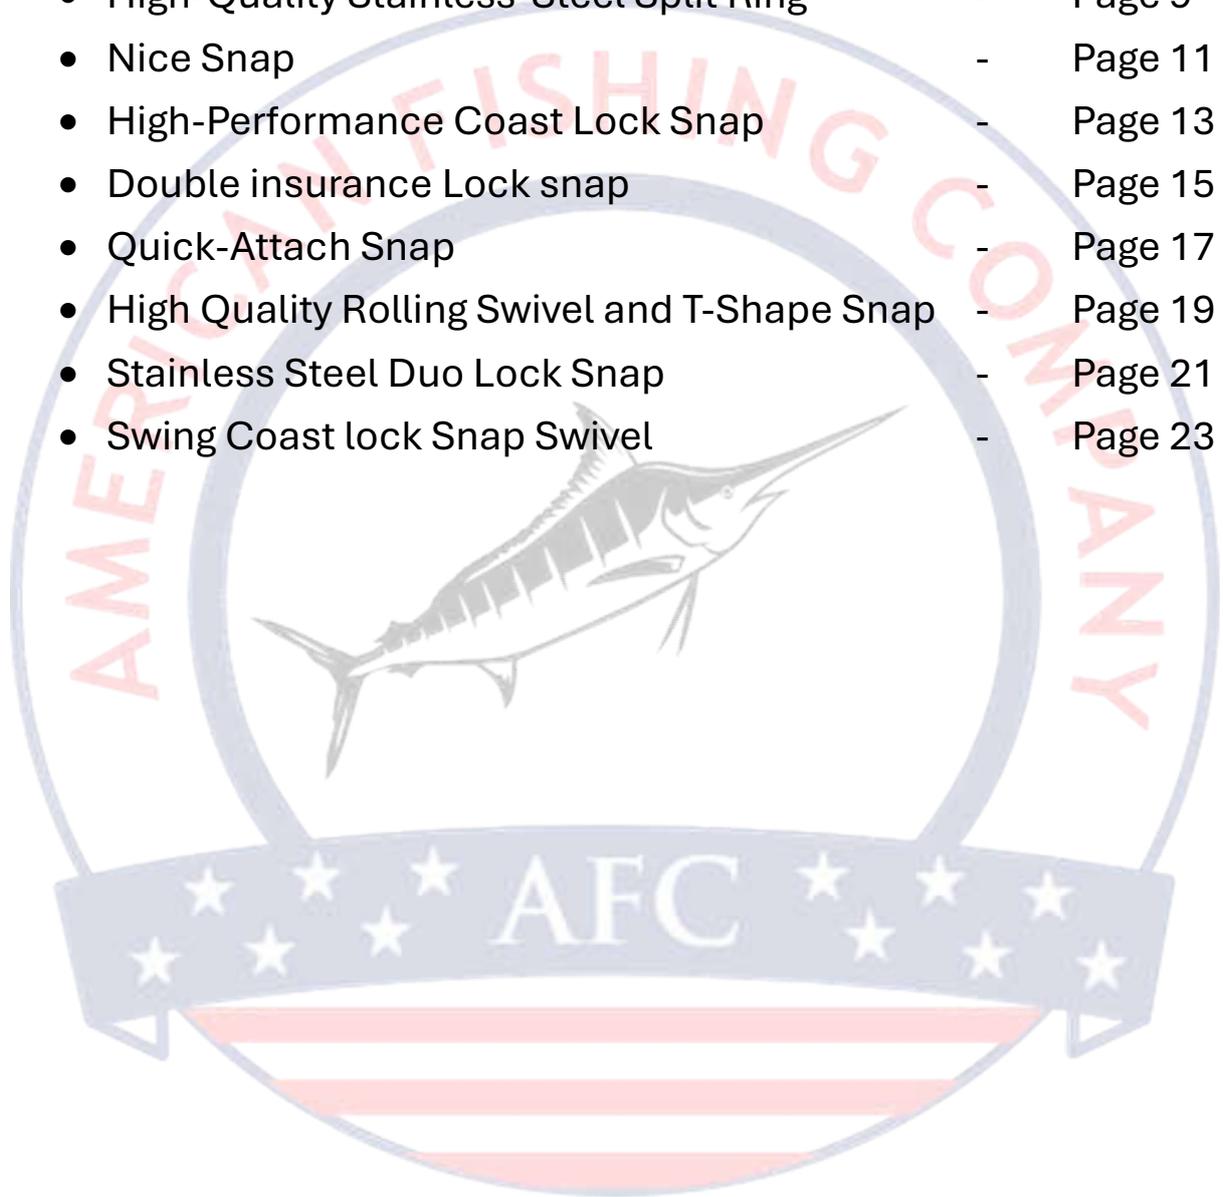

Our mission is simple: to elevate the overall fishing experience by providing anglers with dependable gear they can rely on when it matters most. Whether targeting inshore species, offshore predators, or freshwater game fish, AFC stands for performance, consistency, and confidence in every cast.

AFC Stainless Steel Rolling Swivel **(Stainless Steel Series)**

The **AFC Stainless Steel Rolling Swivel** is engineered for strength, smooth rotation, and maximum reliability in demanding fishing conditions. Precision-crafted from high-quality stainless steel, this swivel is corrosion-resistant and built to withstand both saltwater and freshwater environments.

Designed to eliminate line twist and improve lure presentation, the AFC Rolling Swivel ensures smooth, friction-free rotation under heavy load. Its compact yet robust construction provides excellent tensile strength, making it ideal for use with spinning, trolling, jigging, and bottom fishing setups.

Each swivel is carefully tested for durability and consistent performance, giving anglers confidence when targeting powerful species such as tuna, kingfish, barracuda, and other hard-fighting predators.

Available in multiple sizes to suit various line classes and fishing applications, the AFC Stainless Steel Rolling Swivel is a dependable choice for serious anglers who demand performance without compromise.

Key Features:

- Premium stainless-steel construction
- High corrosion resistance (saltwater safe)
- Smooth 360° rotation to prevent line twist
- High tensile strength under load
- Compact, strong, and durable design
- Suitable for offshore, inshore, and freshwater fishing

AFC Diamond Eye Rolling Swivel

The **Diamond Eye Rolling Swivel** is engineered for anglers who demand strength, smooth performance, and reliability in every cast. Designed with precision and built from premium materials, this swivel ensures seamless line movement and maximum durability in both freshwater and saltwater fishing conditions.

Whether you're targeting freshwater species or offshore predators, the Diamond Eye Rolling Swivel is a reliable terminal tackle essential built for strength, smooth action, and ultimate performance.

Key Features:

Innovative Diamond Eye Design: The unique diamond-shaped ring allows the swivel to pass smoothly through rod guides, eliminating the need for cutting and retying leaders. This smart design saves time on the water and enhances overall fishing efficiency.

Superior Strength: Manufactured from high-quality brass, the Diamond Eye Rolling Swivel delivers a pulling force more than twice that of ordinary swivels. Its robust construction provides exceptional durability and dependable performance when battling strong fish.

Flexible & Smooth Rotation: Equipped with high-quality rings, it offers effortless rotation with minimal water resistance. This reduces line twist and ensures a natural bait presentation for improved strike rates.

Enhanced Sensitivity: By minimizing line entanglement and twist, this swivel increases line sensitivity, allowing anglers to detect even the slightest bites with confidence.

AFC High-Performance Stainless Steel Coast Lock Snap Swivel

The **AFC High-Performance SS Coast Lock Snap Swivel** is designed for anglers who require uncompromising strength, durability, and smooth operation. Built from premium stainless steel, this snap swivel delivers superior corrosion resistance and dependable performance in both freshwater and saltwater fishing conditions. Its secure coast lock mechanism ensures a firm connection, even when battling aggressive and powerful fish species.

Key Features

- **Premium Stainless Steel Construction** – Made from high-grade SS material for exceptional strength, durability, and long-term corrosion resistance.
- **Heavy-Duty Coast Lock Snap** – Secure locking system prevents accidental opening while allowing quick and easy lure changes.
- **Smooth Rolling Swivel Action** – Flexible rotation reduces line twist and improves natural bait presentation.
- **High Pulling Strength** – Engineered to withstand extreme tension and sudden strikes from strong game fish.
- **Saltwater & Freshwater Ready** – Reliable performance in all fishing environments.
- **Compact & Strong Design** – Small profile with maximum holding power for versatile rigging applications.
- **Reliable, strong, and built for performance**, the AFC High-Performance SS Coast Lock Snap Swivel is an essential addition to every angler's tackle box.

AFC High-Quality Stainless-Steel Split Ring

The **High-Quality Stainless-Steel Split Ring** is designed for maximum strength, durability, and secure performance in all fishing conditions. Precision-manufactured from premium stainless steel, this split ring ensures reliable connections between hooks, lures, and terminal tackle components. Built to handle aggressive strikes and heavy loads, it is an essential addition to any serious angler's tackle setup.

Strong, dependable, and corrosion-resistant, the Stainless-Steel Split Ring provides the confidence needed when targeting powerful fish in demanding environments.

Key Features

- **Premium Stainless Steel Construction** – Manufactured from high-grade stainless steel for superior strength and durability.
- **Excellent Corrosion Resistance** – Ideal for both freshwater and saltwater applications, resisting rust and oxidation.
- **High Tensile Strength** – Engineered to withstand heavy pulling forces without bending or losing shape.
- **Secure Locking Design** – Tight coil construction ensures firm and reliable attachment to hooks and lures.
- **Precision Formed** – Smooth edges and accurate shaping for easy installation and long-term performance.
- **Versatile Use** – Perfect for jigging, popping, casting, trolling, and general terminal tackle rigging.

AFC Nice Snap **(Stainless Steel Series)**

The **AFC Nice Snap** is a strong and reliable snap designed specifically for lure fishing. Manufactured from high-quality stainless steel, it offers excellent durability and corrosion resistance, making it suitable for both freshwater and saltwater use. Its user-friendly design allows anglers to quickly change lures without compromising strength or security.

Built for performance and convenience, the AFC Nice Snap ensures a firm hold while maintaining smooth lure action in the water.

Strong, convenient, and dependable, the AFC Nice Snap is an essential terminal tackle accessory for every lure angler.

Key Features

- **Premium Stainless Steel Construction** – Provides superior strength, durability, and long-lasting corrosion resistance.
- **Easy-to-Use Design** – Allows quick and effortless lure changes without cutting or retying the line.
- **Secure Locking Mechanism** – Ensures a tight and reliable connection, preventing accidental opening during fights.
- **Lightweight & Compact** – Maintains natural lure action without affecting presentation.
- **High Pulling Strength** – Built to handle aggressive strikes and powerful fish.
- **Saltwater & Freshwater Ready** – Ideal for versatile fishing applications.

AFC High-Performance Coast Lock Snap **(Stainless Steel Series)**

The **AFC High-Performance Coast Lock Snap** is engineered for anglers who demand strength, security, and quick lure changes in every fishing condition. Crafted from premium-grade stainless steel, this snap provides exceptional corrosion resistance, making it ideal for both freshwater and saltwater applications. Its coast lock design ensures a secure locking mechanism that prevents accidental opening during aggressive strikes and heavy loads.

Perfect for connecting lures, leaders, and rigs, the AFC Coast Lock Snap offers reliability without compromising action, allowing your lure to move naturally while maintaining maximum strength.

Reliable, durable, and performance-driven — the AFC Coast Lock Snap is a must-have terminal tackle component for serious anglers.

Key Features:

- **Premium Stainless Steel Construction** – High corrosion resistance for long-lasting performance in saltwater and freshwater.
- **Coast Lock Design** – Secure locking system prevents accidental opening under pressure.
- **High Tensile Strength** – Built to handle powerful predators and heavy drag settings.
- **Smooth Finish** – Polished surface reduces line damage and ensures easy handling.
- **Quick Lure Change** – Saves time on the water with easy open-and-close mechanism.
- **Compact & Lightweight** – Maintains natural lure presentation.
- **Available in Multiple Sizes** – Suitable for light tackle to heavy offshore fishing.

AFC Double Insurance Lock Snap (Stainless Steel Series)

The **AFC Double Insurance Lock Snap** is designed for maximum security and confidence when targeting powerful game fish. Manufactured from high-quality stainless steel, this snap delivers superior corrosion resistance and durability in both saltwater and freshwater environments.

Its double insurance locking mechanism provides an extra layer of safety, ensuring the snap remains firmly secured even under sudden strikes, heavy drag pressure, and aggressive head shakes. Ideal for connecting lures, leaders, swivels, and rigs, this snap offers strength without restricting natural lure movement.

Built for serious anglers who refuse to compromise on reliability, the AFC Double Insurance Lock Snap ensures your connection stays strong when it matters most.

Strong, dependable, and built for performance — the AFC Double Insurance Lock Snap gives angler's complete confidence in every cast.

Key Features:

- **Premium Stainless Steel Construction** – Excellent corrosion resistance and long service life.
- **Double Insurance Lock System** – Extra-secure locking design prevents accidental opening.
- **High Tensile Strength** – Engineered to handle strong predators and heavy loads.
- **Saltwater & Freshwater Ready** – Perfect for offshore, inshore, and freshwater fishing.
- **Smooth Polished Finish** – Reduces line wear and allows easy handling.
- **Quick Rigging Solution** – Fast and convenient lure changes on the water.
- **Available in Multiple Sizes** – Suitable for light tackle to heavy-duty applications.

AFC Quick-Attach Snap **(Stainless Steel Series)**

The **AFC Quick-Attach Snap** is built for anglers who value speed, convenience, and dependable performance on the water. Precision-crafted from high-quality stainless steel, this snap offers excellent strength and corrosion resistance, making it suitable for both freshwater and saltwater fishing.

Designed with a streamlined quick-attach system, it allows effortless lure and rig changes without compromising security. Its compact profile ensures natural lure action, while the durable construction provides reliable holding power during aggressive strikes and long fights.

Whether you're casting soft plastics, hard baits, spoons, or jigs, the AFC Quick-Attach Snap ensures fast rigging with confidence.

Fast, secure, and reliable — the AFC Quick-Attach Snap is an essential addition to every angler's terminal tackle box.

Key Features:

- **High-Quality Stainless Steel** – Strong, durable, and corrosion-resistant.
- **Quick-Attach Design** – Fast and easy lure changes on the go.
- **Secure Locking Mechanism** – Holds firmly under heavy load and sudden strikes.
- **Lightweight & Compact** – Maintains natural lure presentation.
- **Smooth Finish** – Minimizes line abrasion and ensures easy handling.
- **Saltwater & Freshwater Ready** – Reliable performance in all fishing conditions.
- **Available in Multiple Sizes** – Suitable for ultralight to heavy-duty setups.

AFC High Quality Rolling Swivel and T-Shape Snap

The **AFC High-Quality Rolling Swivel with T-Shape Snap** is a premium terminal tackle accessory designed for strength, smooth rotation, and quick attachment. Built with a durable half rolling swivel and a newly designed short T-shape snap, this combination ensures reliable performance in both freshwater and saltwater conditions.

Engineered with a stable structure and high corrosion resistance, this innovative snap system allows anglers to change lures quickly while maintaining strong and secure connections. Its compact design supports natural lure movement while preventing line twist during retrieval.

The AFC Rolling Swivel with T-Shape Snap is suitable for a wide range of fishing applications, from light tackle setups to heavy predator fishing.

Strong, efficient, and easy to use — the AFC Rolling Swivel with T-Shape Snap is a modern solution for anglers who demand performance and reliability.

Key Features:

- **High-Strength Construction** – Built for durability and dependable performance.
- **Half Rolling Swivel Design** – Smooth rotation reduces line twist and improves lure action.
- **T-Shape Quick Attach Snap** – Innovative short-shape snap for fast and secure lure changes.
- **Stable & Compact Structure** – Strong design with balanced performance.
- **Excellent Corrosion Resistance** – Ideal for both freshwater and saltwater use.
- **Simple Operation** – Easy to open and close, even during active fishing.
- **Multi-Purpose Use** – Suitable for hooks, lures, rigs, and leader connections.
- **Available in Multiple Sizes** – Perfect for various fishing techniques and target species.

AFC Stainless Steel Duo Lock Snap

The **AFC Stainless Steel Duo Lock Snap** is a dependable and versatile terminal tackle accessory designed especially for lure fishing enthusiasts. Built from premium stainless steel, this snap delivers exceptional strength, flexibility, and corrosion resistance, making it perfect for both freshwater and saltwater fishing.

Its classic duo lock design provides a strong and secure connection while allowing maximum lure movement for natural swimming action. Easy to open and close, this snap enables quick lure changes without compromising reliability — making it one of the best choices for serious lure fishermen.

Whether targeting bass, barramundi, queenfish, or other hard-fighting predators, the AFC Duo Lock Snap ensures confidence in every cast.

Strong, simple, and efficient — the AFC Stainless Steel Duo Lock Snap is an essential addition to every lure angler's tackle box.

Key Features:

- **High-Quality Stainless Steel** – Durable, rust-resistant, and long-lasting performance.
- **Duo Lock Design** – Strong double-bend structure for extra holding power.
- **Easy Snap-In Mechanism** – Quick and hassle-free lure changes.
- **Maintains Natural Lure Action** – Flexible design allows better lure movement.
- **High Tensile Strength** – Handles aggressive strikes and heavy loads.
- **Smooth Finish** – Reduces line wear and improves handling.
- **Saltwater & Freshwater Compatible** – Reliable performance in all conditions.
- **Available in Multiple Sizes** – Suitable for light to heavy lure fishing setups.

AFC Swing Coast Lock Snap Swivel

The **AFC Swing Coast Lock Snap Swivel** is a high-performance terminal tackle accessory designed for strength, smooth rotation, and secure lure connection. Featuring a **half swivel construction**, the snap is directly connected to the swivel body, creating a compact and highly stable setup that reduces weak points and improves overall durability.

This smart design minimizes line twist while allowing natural lure movement. The coast lock snap ensures a firm and secure locking system, preventing accidental opening even under heavy drag pressure and aggressive strikes. Built from premium stainless steel, it offers excellent corrosion resistance for both freshwater and saltwater fishing.

Ideal for lure fishing, jigging, trolling, and general rig connections, the AFC Swing Coast Lock Snap Swivel delivers reliability when it matters most.

Strong, compact, and built for performance — the AFC Swing Coast Lock Snap Swivel is a dependable choice for serious anglers.

Key Features:

- **Snap Directly Connected to Swivel** – Compact and strong integrated design.
- **Half Swivel Construction** – Smooth rotation to reduce line twist.
- **Coast Lock Snap System** – Secure locking mechanism prevents accidental opening.
- **High-Quality Stainless Steel** – Strong, durable, and corrosion-resistant.
- **High Tensile Strength** – Suitable for powerful predator fishing.
- **Smooth & Polished Finish** – Minimizes line abrasion and improves handling.
- **Quick Lure Change** – Easy open-and-close design for fast rigging.
- **Saltwater & Freshwater Ready** – Reliable in all fishing environments.
- **Available in Multiple Sizes** – Perfect for light, medium, and heavy-duty applications.
